P.O. Box 92

Connoquenessing, PA 16027

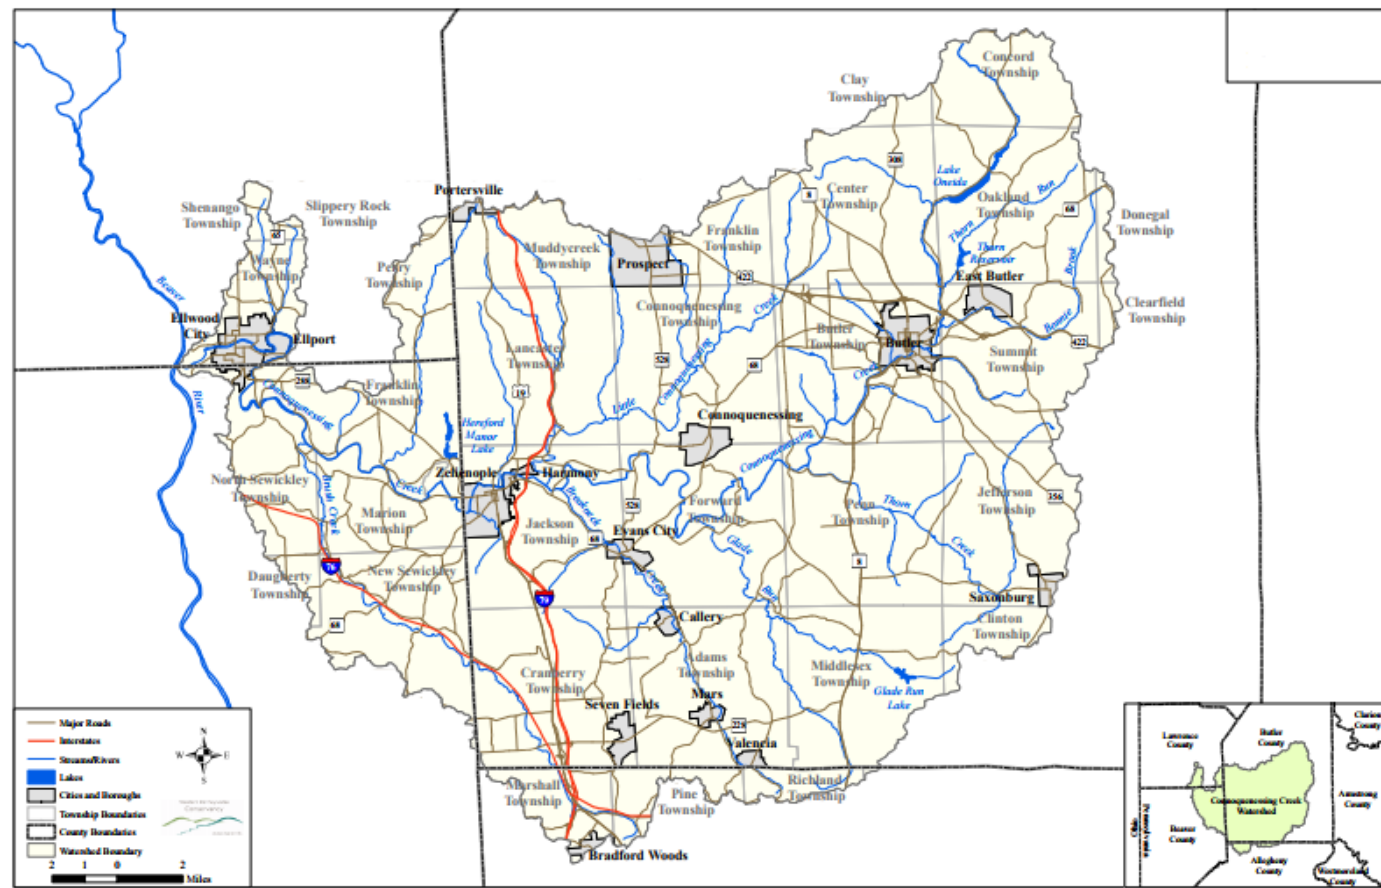

All members will be added to the CWA email distribution list to allow quick, paperless information delivery of current CWA business.

HISTORY & MISSION

In 1999, a group of watershed residents formed the Connoquenessing Watershed Alliance, Inc. with the mission "for the benefit of all, is dedicated to improving and preserving not only the water quality but all facets of the watershed."

The Alliance is a grass-roots organization that depends on the expertise and efforts of its members to carry out its mission. You can help clean up, improve, and protect the watershed by joining the Connoquenessing Watershed Alliance!

Membership is open to individuals, families, businesses, and organizations that support the Alliance's mission and pay the annual dues.

WHAT WE DO

- Conduct numerous water quality assessments in the watershed, including physical, chemical, and biological parameters.
- Work with local municipalities to complete stream cleanups.
- Lead organization for the Thorn Creek Habitat Improvement Project.
- Plant native trees and shrubs to repair failing riparian buffers.
- Present seminars and information at community events.
